Frequently Asked Questions

NOTE: This shelf browsing guide is a supplement to the Library's Genealogy Research Guide. Please refer to the Genealogy Research Guide for all other genealogy questions.

WHY DO SOME CALL NUMBERS BEGIN WITH NUMBERS AND SOME WITH LETTERS?

Cleveland Public Library uses two classification schemes to arrange its collections. All books acquired before 1975 are arranged according to a modified version of the **Dewey Decimal System**. The Dewey system uses numbers in the top line (e.g., 989.22). Books acquired since 1975 are arranged according to the **Library of Congress Classification System (L.C.)**. The LC system uses letters in the top line (e.g., F 499).

I FOUND A BOOK IN THE CATALOG BUT IT'S NOT ON THE SHELF. WHERE IS IT?

Because of the size of the Main Library collections, only a certain number of any department's books can be housed in open stacks. Many older books are housed in closed storage areas downtown and off-site. With a few exceptions, all Dewey-classified books are in storage either downtown or off-site. Books in off-site storage usually take one day to retrieve (exception: books requested between Friday afternoon and Sunday afternoon are delivered on Monday afternoon at the earliest). LC-classified books that are in storage are stored downtown and can be retrieved within 15 minutes of your request. You are welcome to call in advance to have books retrieved and held for you.

MAY I VISIT THE CLOSED STACKS (MAIN LIBRARY) AND/OR OFF-SITE STORAGE?

We are happy to retrieve any books you wish to see. If you wish to browse the shelves in a particular closed-stack area, it may be possible to arrange for a stack pass. Stack passes are arranged on a case-by-case basis by the Department Head or Assistant Head, subject to staff availability and security restrictions. There is no direct patron access to collections in off-site storage.

BROWSING GUIDE TO GENEALOGY BOOKS IN THE HISTORY DEPARTMENT'S MAIN FLOOR REFERENCE COLLECTION (Library of Congress Call Numbers)

NOTE WELL: The reference collection of genealogy books numbers in the thousands. Therefore, this guide is not comprehensive and you will find many valuable resources on the shelves that are not in this guide, particularly in the local history section (F490-F499). Use this outline as a guide to browsing the shelves. **Call numbers on the far left indicate the beginning of a range of books on a particular topic. Call numbers that follow bullet points are for specific titles.** Genealogy reference books relating to a specific place are shelved under the call number for that place (see the call numbers that start with the letter "F" for U.S. places). **Although the majority of the History Department's reference books are shelved in one long sequence, there is one notable exception: Quick Reference books.** Be sure to use the Browsing Guide in both Quick Reference and Main Floor Reference.
