

January 21, 1904.

Mr. Wm. Smythe
East Cleveland, Ohio.

My dear Mr. Smythe:

It is suggested to me by your (*sic*) brother George that you might care for some work in our Library. We are in need of some additional help evenings in the Reference department. If you would care to consider this it would be necessary for me to know promptly as the vacancy has occurred suddenly and the need is immediate. I think I should say that the pay at first will be small.

I send this by the kindness of Mrs. Martin, and, as she can bring a message back, I will be glad if you can let me know in the morning if I may expect you.

Yours very truly

Librarian.
