Dear Ms. Carroll-

As a fellow "Boat Camper," I just wanted to say thanks for CPL's gracious hospitality. I thoroughly enjoyed visiting Cleveland (my first time!) and touring the library was truly the icing on the cake. Thank so much!

Dear Director Carroll,

I am writing in support of the installation of security cameras on the Carnegie West Library to view the activity around the library and Novak Park. This area receives numerous complaints from residents and business owners in the area concerning the park visitors. Security cameras could only help reduce the crime and anti-social activities occurring on a daily basis around the library and would help residents who actually want to use the library or cross through the park feel safer.

Thank you for your consideration of this matter. Please call 216-664-2961 with any questions or concerns.

Sincerely,

Joe Cimperman

Dear Councilman Cimperman:

Thank you for your letter of October 28, 2008 regarding the installation of additional security cameras on the Carnegie West Branch Library to view the activity around the library and Novak Park.

I have asked Cleveland Public Library Chief of Security, Michael Janero, to research options for camera installation as expeditiously as possible. When that information is available, I will contact you for further discussion on how we can work together to address this important issue.

While I am aware and sensitive to the safety concerns of our patrons and those residents in the Novak Park neighborhood, I also understand that several streetlights are inoperable and not providing adequate illumination necessary for that area. I am hopeful, that with your support as councilman, immediate repairs to those defective light poles will be made.

As I continue to collect information on the possibilities of camera installation, I welcome updates on your progress as well.

Sincerely,

Holly Carroll
Interim Director
